

Troubleshooting tips:

If you are having problems with making or receiving calls, try the following steps:

- Check dialing pattern. Unless contacts are saved with the country code, you will need to manually enter the phone number you wish to call.
- Turn Airplane mode on and back off.
- Turn the device off completely and back on and try again.
- Verify the SIM card is installed properly.
- Turn off iMessage to ensure texts send when away from WiFi.

For assistance while traveling outside of the United States, please call 001-270-765-6361, select option 2, Technical Support, to speak with the International Concierge Service.

If you would rather open a ticket and receive a call back, log onto our website www.bluegrasscellular.com. Select Business tab and International services. Under Trouble Ticket, select click here to fill out the ticket. You can expect a call within 48 hours.
